To : Whom may be concern

Dear Sir

We like to inform you as the agent of " M.S. Resistance " in Egypt that we are so satisfied from the supplying & installation & commissioning of the Neutral Earthing Resistors (NERs).

Also, Be informed that we got a big project for supplying and commissioning the NERs in a project in the south of Egypt (Aswan state) Called El-Eslah 3 & 4 power station through " ABB High Voltage " since 2 years ago.

Now the project was finish and the power station was started up without any problems or complains regarding the NERs.

So, We hereby to confirm that the products of M.S. resistance is technically accepted inside " Arab Republic of Egypt ".

Best regards

Engineer
