**Subject: Performance Feedback on Petronas Co-Generation Project (at Melaka Refinery Plant)
Our Order # 1559 dated 08/08/2006
Your ref # O NE 06 04 006**

We hereby confirm that the Neutral Grounding Equipments supplied by M.S. Resistances for the protection of four (4) Gas Turbine Generators with the rating of 33MVA 11/34,5kV and one (1) Steam Turbine Generator with the rating of 33MVA 11/34,5kV for the above mentioned project, have been successfully commissioned in 2007 and have been satisfactorily working without any problem.

We have been purchasing Neutral Grounding Equipments from M.S. Resistances since the year 2000 and as per our latest records, a total of more than eighty (80) units have been purchased since then. These Neutral Grounding Resistors are installed in many places within our national territory and have been working satisfactorily.

Very truly yours,

A handwritten signature in blue ink, appearing to read 'Ravin Palany', is written over a light blue circular stamp.
